A Sense of Urgency - Dr. John Kotter

There's a sense of urgency as teams begin to prepare for a run that will eventually result in four unbeaten teams, one of which will become the new NCAA champions. Office workers scurry to get their brackets filled out. Coaches try to put together a game plan that will insure a win.

A Sense Of Urgency John

John Kotter does an excellent job expounding on the most important and critical first component of initiating change: instilling a sense of true urgency in your actions and those around you. Building on his previous books, *Our Iceberg is Melting*, *Leading Change*, and *The Heart of Change*, Kotter distinguishes true urgency from its insidious opposite, complacency, and its evil twin, false urgency.

Sense of Urgency - Transformation Management

A sense of urgency is simply identifying that the current system, product, service, or whatever it is that needs to change is no longer the best option. As such, an urgency must be established to stop such action. Urgency also requires

Dr. John Kotter. A Sense of Urgency is a powerful tool for anyone wanting to win in a turbulent world that will only continue to move faster. Management control systems and damage control experts serve a critical purpose. But don't let that blind you to an increasingly important reality. Controls can support complacency in an era when complacency can be deadly.

Leading Change: Creating a Sense of Urgency (Step 1)

Best-selling author and business guru John Kotter knows about urgency. "Raising urgency" is the first step in his enormously successful eight-step framework, first articulated in *Leading Change*. But as Kotter illustrates, increasing urgency is the toughest of the eight steps, and the one without which even the most brilliant, high-powered initiatives will sputter and die.

To lead a change effort and gain the cooperation of necessary stakeholders, the first step leaders must take is to create a sense of urgency. It requires clear and honest communications that create a sense of urgency rather than a sense of doom. By creating both a compelling picture of a desired future and the danger of accepting the status quo, leaders greatly improve their chances of gaining the commitment of organizational stakeholders for a necessary change effort.

John Kotter: A false sense of urgency is a terrible, terrible problem. A false sense of urgency is an anxiety driven, frenetic behaviour of running around in circles, your tongue dragging after a certain point, and becoming stressed out. You have meeting after meeting, taskforce after taskforce, but it's activity not productivity.
