Betrayal - Public Libraries of Suffolk County, New York

I'd never read anything by Fern Michaels but she is a best selling author so I thought I'd give it a shot. The premise was very interesting and timely with the recent outcome of the Casey Anthony trial and the release of the West Memphis Three. Basically, it's about a man who is accused of molesting a child.

Betrayal is by Fern Michaels. It is probably one of her best novels that I have read to date. From the first page I was drawn into the lives of Alex and Kate Rocket. It is almost like being in the same room with them and enduring the same highs and lows that they are hit with.

I have never written a review on audible but I am forced to for Betrayal. This was the first Fern Michaels book I've read and was expecting a lot more from a New York Times bestselling author. I almost didn't get through this one and I certainly won't read another. The premise of the story is good.
